

Chausson Allegro 83 Four Berth Low Profile Motorhome

Introducing Mia – the motorhome, as named by the children. Her most recent trip was a 130 day, 6,000 mile, tour of 10 European countries. She was extremely reliable - we did not encounter a single motorhome issue for the entire duration of the trip.

We travelled as a family of four (2 adults, 2 children – ages 7 and 5) and drove, lived, ate and slept comfortably. She stayed cool and ventilated in the summer months, warmed up easily with the heating in the winter and kept us perfectly dry during rain. She felt spacious to live in - lots of natural light and storage to spare - including a very useful space under the bed where we kept a lot of outdoor gear – we visited 45 rock climbing crags during the trip.

She was responsive when driving, great acceleration onto motorways and good-handling on narrow roads.

Cooking was a pleasure with a sensible-sized fridge-freezer, oven and pantry. The bathroom had everything we needed including a really effective, fast-heating shower. The dining area was roomy, seating even 6 adults. And when it came to night-time, everyone enjoyed their comfy beds - a double in the back and a double-plus in the front.

Our overnight night stops were a mix of freedom-camping and campsites and the leisure battery charging setup worked well for off-grid living.

The refillable LPG gas tank made travelling through different countries, with their variety of gas cylinders, easy. On average we used 0.85 litres of LPG per day.

We could easily have stayed living and travelling with Mia - if only we did not have to return to our home in Australia!

Chausson Allegro 83 Low Profile Motorhome

Vehicle

- Renault Master 3.0 dCi 140 Diesel 136 hp (Nissan ZD30 engine with timing chain)
- Six speed manual gearbox
- Registration Number: WJ55 JVV
- First Registered: February 2006
- MOT: 13 May 2025
- 73,233 miles
- ABS
- Air Suspension
- Cab Air-conditioning
- Driver's Airbag
- Electric Cab Windows
- Electrically adjustable cab mirrors
- Blaupunkt Radio / CD player
- Remote Central Locking
- Reversing Camera
- Reversing Sensors x 4
- Seatbelts x 4
- Sigma Alarm – Cab and Habitation Doors
- Two sets of keys
- Good service history
- MPLW 3,500 kg (Category B driving license)
- Dimensions
 - Height: 2.9m / 9' 6"
 - Width: MH = 2.3m / 7' 7" (mirrors out = 2.6m / 8' 7")
 - Length: 6.9m / 22' 8"

Motorhome

Lounge

- Adjustable Table
- Driver and Passenger Swivel Captain Seats
- Flat screen TV / DVD player with aerial
- Heiki Rooflight
- Seating for 6 to 8 people

Kitchen

- Extractor Fan
- Full size Fridge with Separate Freezer – Automatic 3 Way; Gas, 12v, 220v (new May 2024)
- Grill / oven
- Three Burner Gas Hob
- Sink

Washroom

- Cassette Toilet
- Roof Vent (new)
- Separate shower
- Sink

Sleeping

- Rear French Double Bed - 200 x 130/100 cm
- Curtains Around Rear French Bed
- Lounge Converts into Double Bed - 217 x 125/103

Storage

- Bathroom Cabinets
- Drawer Under Lounge Seating
- External Gas Locker
- Kitchen Drawers x 2 plus storage under
- Kitchen Pull-Out Unit
- Overhead Lockers x 10
- Storage Under Lounge Seating
- Under bed storage accessible by lifting bed and through external locker door
- Wardrobe

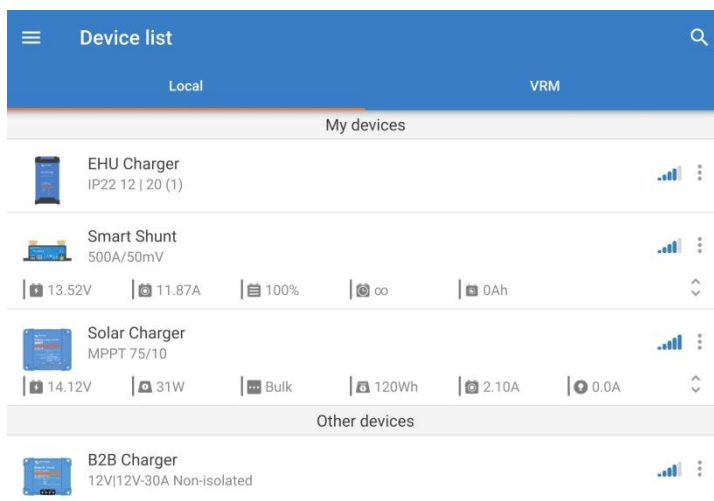

General

- Awning
- Awning Light
- Cycle Rack for 2 Bicycles
- Fire Extinguisher
- Fresh Water Tank - 135 litres
- Gas Alarm
- Grade 3 Insulation (temperature to -15 °C)
- Habitation Area Heating - when the vehicle engine is running
- Heating – Gas Blown Air
- Hot and Cold Water – Gas
- LPG refillable gas 21.6 litres
- Reversible Over-Bed Fan
- Safe
- Smoke Alarm
- Waste Water Tank - 97 litres
- Windows with Black-Out Screens, Fly Screens and Curtains

Electrical

- Victron Bluetooth Enabled Devices
 - Blue Smart Mains Hook-Up Charger
 - Smart Solar Charger
 - Orion Smart 30 Amp Battery-To-Battery Charger
 - Smart Shunt
- Eco Tree Lithium 110Ah Leisure Battery
- Solar Panel
- LED Lighting
- 220v AC Mains Sockets x 6 (when on electrical hook up)
