

T5 Conversion Wiring:

1) Habitation Power Input plus:

Direct Power Out + 230V AC OUT

(see Diagram 2 for 12V Output
Circuits controlled by EC155)

Key Components:

Ampercor Associates Power Integrator: Solar Controller, Split
Charger and Battery-to-Battery Charger
Sargent EC155 Power Control System: 230V RCD & MCB, 12V
Fused Distribution.
Baird 100W Solar Panels (x2), Watt Meters (x2)
Xplorer 100Ah AGM Batteries (x2)
Waeco CDX-50 Compressor Fridge/Freezer
Pioneer AVH-3700 Radio/CD/DVD System
500W Modified Sine Wave Inverter + 240V Auto-Sense Relay
